

Centrelink eServices Confirmation Form

Guardian is streamlining the process for claiming concession. The use of the below authority will alleviate the need for participants to provide income statements and copies of cards to validate their eligibility at each service.

Participants are requested to note that the wording of the Centrelink approval below was dictated by Centrelink and appears to indicate that Guardian seeks access to all of the individual's record. Guardian only seeks to validate the card and rate of payment, and does not see any other details. Guardian seeks your approval so as to provide a smoother service for you.

I, _____ authorise Guardian Interlock to use Centrelink Confirmation eServices to perform a Centrelink/DVA enquiry of my Centrelink or Department of Veterans' Affairs Customer details and concession card status in order to enable the organisation to determine if I qualify for a concession rebate.

I also give consent for the Australian Government Department of Human Services (the department) to provide the results of that enquiry to Guardian Interlock.

I understand that the department will use information I have provided to Guardian Interlock to confirm my eligibility for concession on interlock services and will disclose to Guardian Interlock personal information including my Name, DOB, Address, Concession Card status, Receipt of maximum rate of income support (Centrelink only) and Disability rate (DVA customers only).

I understand this consent, once signed, remains valid while I am a customer of Guardian Interlock unless I revoke it by contacting Guardian Interlock or the department.

Alternatively, I understand that I can obtain proof of my circumstances/details from the department and provide it to Guardian Interlock so that my eligibility for a concession on Interlock services provided by Guardian Interlock can be determined.

I understand that if I withdraw my consent or do not alternatively provide proof of my circumstances/details, I may not be eligible for any concession provided by Guardian Interlock.
